## The Hongkong Telegraph

HONGKONG, TUESDAY, SEPT. 29, 1903.

## THE DETECTION OF CRIME.

In view of the recent marked increase of crimes of a serious nature, and in relation to the question to be asked by the hon. the representative of the Chamber of Commerce at the meeting of the Legislative Council on Thursday, the inhabitants of the colony will await with some anxiety the explanation which we trust will be tendered by the Colonial Secretary on behalf of the government. In a colony like Hongkong, which is with-in easy and cheap access of the most populous city in South China, the suppression and detection of crime will always be a matter requiring the most careful attention of the authorities. The ranks of local criminals are continually being swelled by enterprising desperados from Canton, who have seen good to pay us a short, but generally, profitable visit; and there can be little doubt that a very large percentage of the more serious crimes, chronicled so often of late, have been the handiwork of some of these desperate characters from the southern capital. The capture of criminals who are residents of this city is an easy task when compared to the discovery of the whereabouts of these felons who flit to and fro, with comparative impunity, between Canton and this colony and who, on the first sign of danger or after a successful operation, can easily find a secure refuge in the crowded intricacy of the slums of that city. It requires but small thought to realise the enormous difficulties encountered by our police in bringing home crime to culprits of so evasive a class; and success in such cases must depend entirely upon the adequacy and excellence of the Detective Branch of the police force. From the increase in serious crime which has taken place during the last few months, one is tempted to believe in the possible existence of some defect in the organisation of this useful branch of the service, though whether it is due to numerical weakness, or to the use of insufficient and anticipated methods we must await the reply of the Colonial Secretary before coming to conclusions in the matter; but whatever may be the original cause for the wave of criminality which now overruns Hongkong it is doubtless the desire of the majority of its population that the authorities should spare no effort to ameliorate the security of our citizens and their property.

## DIVERTING TRADE.

We have frequently alluded to the great depression characterising the import trade in the North, and more especially in Shantung province, and, on the 23rd inst., printed a letter from our Tientsin correspondent stating that the main reason for the stagnation had been ascertained. It seems that merchandise arrives at Chefoo and is there transhipped into coasting junks and imported at a small native shipping port south-west of Taku, for conveyance inland by road and waterway direct to the consignees. We pointed out that the Shansi bankers have opened a bank near this place in a big town called Yenhsienhsien, in order to facilitate this new route, and as that could not be done without the knowledge of the local authorities it points very strongly to Government connivance. It appears that the object in thus diverting the trade is to avoid payments at the enormous number of likin stations established by the local Government around Tientsin and which, coming on top of the Maritime Customs dues, the River Improvement dues, and the Chow Kwan or native Customs, is almost too much to bear. The import duty is 5 per cent., Chow Kwan 2 per cent., and the likin 14 per cent. It is estimated that goods imported by this route save 34 per cent and, according to our correspondent, hundreds of thousands of taels worth are in this way being diverted from Tientsin's trade, and the authorities are supposed to be losing some Tls. 80,000 a month in dues in consequence. The matter is fully dealt with in the *P. & T. Times* of the 15th and 17th inst., from which we also learn that there are four places in all along the Pechili Gulf coast where landing can be effected without the knowledge of the Chefoo Customs, Hotaoyeh, two others, and the small shipping port

Chikowying mentioned previously, which is only about 18 miles south-west of Taku by water. Import cargo in considerable quantities is being landed at these places; the junks, for precaution's sake against pirates, and also to facilitate speed, being towed along the coast by steam tugs, largely Japanese-owned. Indeed, according to our northern correspondent, there seems reason to believe that Japanese traders are largely concerned in this new departure, as not only are many of the steam tugs Japanese-owned, but the number of Japanese hongs in Chefoo has recently greatly increased. But we gather that the matter is not going to be allowed to remain in its present unsatisfactory state, as our Tientsin correspondent writes that steps are being taken to ascertain the precise amount of trade going by this irregular channel. It has been shown that the goods can be put off at Chefoo and landed on the coast absolutely duty free, but as to the amount of cargo being so landed, no satisfactory evidence is forthcoming. The Customs authorities have apparently known all about the matter for some months past and some time ago they sent a special representative down to the coast investigating. But for some inexplicable reason an impression appears to prevail that nothing can be done to stop it. Many maintain that the amount involved is not large enough to matter, but this is not at all assured. Meanwhile the listless inertia resultant on dull trade pervades everything.

ACCORDING to a letter to a Peking official from Viceroy Tsen Chun-huen it is stated that the rebels in Kwangsi can now easily be suppressed though they are spread all over the province. In Kwangtung, however, there are signs of secret society men giving trouble which is more important if they should rise.

THE French Consul at Hankow has inaugurated a school for the instruction of the French language and science. The number of students to be admitted is to be limited to twenty and they must prove that they have had a good grounding in Chinese before they can be admitted. The course is to be three years and the graduates will be given posts on the railway.

CAPTAIN Idogawa, the Japanese military adviser to the Viceroy of Szechuen for many years, having inaugurated the military system and education in that province, has been rewarded by the Chinese Government with the second class of the third grade of the order of the Double Dragon upon the recommendation of ex-Viceroy Tsen Chun-huen of that province.

A STORY too good to be missed is told of the Shanghai Volunteers, according to the *Nagasaki Press*. Si non e vero, ben invidiato. A party of them were taken out to the range, and ordered to fire at the 500-yards targets. All missed. They were tried at 200 yards, with similar lack of success. At 100 yards not a man hit the target. "Tion!" roared the sergeant. "Fix Barons! Charge! It's your only hope."

DISPATCHES from Berlin state that a fierce duel is impending between the American steel trust and the Krupps. The campaign has been opened by the Krupps, who have already sent experts to the United States to compete for bridge building contracts. If the Krupps find themselves able to compete with the steel trust in the latter's home territory, it is certain the Germans will enter the lists everywhere.

ANOTHER rich haul is being made by the Chinese on the West Beach, Chefoo. The large quantity of kerosene oil that has been stowed there for the last two years, has been leaking very badly, and the sandy beach is fairly soaked with oil. Owing to some reason or other the oil has come to the surface of the sand and the Chinese are gathering it up in buckets. We learn that one lucky Celestial got away with no less than 25 bucket loads.

THE Wiju correspondent of the *Asahi* informs us that on the 30th ult. 12 Russian soldiers behaved badly to the Chinese "Mounted Highwaymen" at Ta-ku-shan and that the next day Lin Tsi, a notorious chief of the "Highwaymen," accompanied by 260 of his followers, left the Russian camp, carrying away 30,000 taels of silver. A FORMOSIN despatch states that an extensive forest of hinoki has been found at the foot of Nittakaya, the highest mountain in Formosa. Messrs. Kawai and Dagura travelled through a portion of the forest recently and estimated its area at 2,000 or 3,000 cho. The trees are mostly hinoki and they are of exceptionally large size. The place is about 15 miles to the east of Kagi and it will necessitate the construction of a railway should the timber be cut as there is no river in the district. The total value of the timber is estimated at hundreds of millions yen. It is expected that the Formosan Government will make further investigations and then start felling the trees.

THE Aden Port Trust are revising their Pilotage Bye-laws and a new scale of fees is laid down for pilotage charges. The rates for day work varies from Rs. 5 to Rs. 10 according to tonnage for the inner harbour and from Rs. 2 1/2 to Rs. 5 for the outer harbour. For night work the rates are to be from Rs. 10 to Rs. 20 for the inner harbour and Rs. 5 to Rs. 10 for the outer harbour. The senior pilot will ordinarily serve only the P. &amp; O. vessels and British transports.

MR. S. E. Levy, head of the firm of Messrs. E. D. Sassoon &amp; Co. of Kobe, died suddenly at Kobe 19th inst. He was very well known in business circles, and his death at the early age of forty-six will be generally regretted. When he left his office that evening he appeared in good health and in excellent spirits, but shortly after arriving home expired, the cause of death being heart failure. The deceased who leaves a widow and three children left Hongkong for Kobe some six years ago.

WE learn that nothing has yet been done with regard to the wreck of the Chinese gunboat *Huang Tai*, which sank off Breaker Point in the early hours of the 18th ultimo. After patrolling the ship for some time, they were called by a native employed by the commodore of the ship, who commenced sampling the wares without asking the price of the articles. He then inquired the amount of the damage, and was told 2 cents each. He refused to pay, and offered one cent, which was not accepted. Both men became excited and the commodore's assistant is said to have taken hold of a copper-pan of boiling water and thrown the contents over the hawkers. The second hawker standing by, immediately summoned the police and the accused was arrested and the hawker, who was frightfully scalded, removed to the Hospital.

DURING the recent military manoeuvres in Russia the utility of the Trans-Siberian railway as a means of transport of troops was tested. The 2nd Brigades of the 31st and 35th infantry divisions together with two detachments of artillery, all of which were stationed near Moscow and Kiev, were transported, together with the necessary material for these units, into the Transbaikalia, where they took part in the manoeuvres conjointly with the different garrisons in this region. The operations terminated, the men were taken back by the same means to their starting point, without any hitch having occurred on the railway or any delay being occasioned to the ordinary traffic service. This experiment has shown, with what facility Russia can concentrate troops in the Far East, thanks to the new line.

It is now confirmed that Mr. Yamakawa, Kobe manager of the Yokohama Specie Bank, has been promoted to London, and will sail for England on the 6th proximo. The Kobe Bankers Union is contemplating the presentation of a silver cup to mark the appreciation of the valuable services which Mr. Yamakawa has rendered during his stay in Kobe.

A CHINESE seaman, aged 40 years, appeared before the Sydney Police Court the other day to answer a charge of smuggling three tins of opium from the steamer *Australian*, lying at Pyrmont. Accused pleaded guilty, and Mr. Robinson, of the Crown Law Office, who appeared to prosecute, said that the smuggling of opium had become so frequent that the Customs authorities had to put special officers on to watch particular boats arriving there. Even the maximum penalty seemed to be no deterrent in connection with that kind of offence; but it was the only protection the Commonwealth had against such breaches of the law. A fine of £100 in default three months' gaol was imposed.AN Osaka contemporary reports that the Captain of the P. & O. steamer *Borneo*, on arrival at Moji on 19th inst, applied to the police authorities for assistance to deal with the mutinous conduct of about forty Indian seamen and others on board. The *Kobe Herald* says that fears were entertained that several of the crew would desert. Nothing in the nature of a mutiny was apprehended. So far as the *Herald* can learn, the *Borneo*, for some reason, shipped a Bengali crew this voyage, instead of taking on the requisite number of hands at Bombay; and the Bengalis are not particularly fond of hard work. Owing to this a number of the men left the ship at Singapore—forgetting a considerable sum of money as wages, by the way—and at this port others were shipped in their place for the voyage to Japan and back to Singapore. Evidently, the P. & O. skipper's action was more of a precautionary than a suppressive and punitive nature.Do your own developing without a dark room by using an Eastman developing machine. THERE is an interesting account of an audience with the late Pope Leo in the first volume of the reminiscences of the late Sir George Bowen. He was an Irish Protestant, but he got on well with the Catholic Bishops in Australia, New Zealand, and other parts of the Empire. He was also an accomplished linguist, and his conversation with the Pope was carried on in Italian. His Holiness began with a reference to the reports from colonial Bishops sent periodically to the Vatican, several of whom spoke highly of the services rendered by Sir George. The Pope thanked his visitor for his kindness, and Sir George rejoined that he was only carrying out the instructions he had received from the Imperial Government. His Holiness added that he had every reason to be satisfied with the good relations between the British Government and the Catholic ecclesiastics all over the Empire. "While speaking to me," says Sir George, "his Holiness held, in a most gracious and paternal manner, the hand of my youngest daughter, a girl of 12."

THE further hearing of the case in which S. A. Neville, mate of the s.s. *Powan*, was charged with kicking a native woman on the Canton wharf, on the 20th inst., was continued at the Magistracy this afternoon. Dr. E. A. Laing, of the Government Civil Hospital, deposed that the woman was admitted on Sunday at 6.30 and told him that she had been kicked. There was a slight wound, the size of a sixpence on the left side of her back. She was discharged on the following day. He did not think the wound in question was caused by a kick, but probably from a stick, such as the end of an umbrella or a small bamboo. Defendant said he was on duty on the *Powan*, and he saw several loafing coolies amongst the women and went down to clear them away. All ran away except one whom he got hold of and tried to "boot" him off the boat, but missed him and accidentally kicked the woman. He then attended to her, and was subsequently told by Captain Morrison that he was wanted by the police. His Worship agreed that it was an accident on his part, but said defendant had no business to kick. He was ordered to pay the woman \$5 as compensation.

## TELEGRAMS.

(Reuters.)

## The New Cabinet

LONDON, 27th September.  
Mr. Balfour has left Balmoral.

## The Transvaal.

The Transvaal Government has decided to postpone the construction of the new railways in view of the scarcity of labour.

## Beirut.

It is announced in Washington that the American warships are not likely to be withdrawn from Beirut at present. The town is quiet, but nothing like permanent order has been established.

LATER.

The United States have refused to withdraw their warships from Beirut at the suggestion of the Porte.

## The Near East.

Although a calmer feeling prevails among the officials in Constantinople in the hope of a direct understanding between Turkey and Bulgaria, the Porte continues to make preparations. Sixty-four battalions are mobilizing in Asia Minor, thirty-five of which will proceed to Salonika and the remainder to Adrianople.

The snow is already higher on the mountains of Macedonia, where thousands of homeless villagers have taken refuge.

(N. C. D. News.)

## The Future of Morocco.

London, 23rd September.

The question of Morocco has been discussed between France and Great Britain, but there is no present idea of establishing French predominance in Morocco.

The French military preparations in Southern Algeria are due to the necessity of dealing with the recurring raids.

## Mr. Chamberlain's Retirement.

London, 23rd September.

In addition to direct telegrams of sympathy received by Mr. Chamberlain, the Colonial Office has published many official telegrams from the Colonies, expressing regret at Mr. Chamberlain's resignation, appreciation of his great services to the empire, and sympathy with his policy.

## An Olive Branch.

Tokyo, 24th September.

Baron von Rosen, Russian Minister to Japan, has left Tokyo for Port Arthur, which is regarded as politically important, as his influence will certainly be exerted in the cause of peace.

## The Question of Yong-Ampho.

Tokyo, 24th September.

Owing to the presence at Yong-Ampho of Chinese brigands hostile to the Lumber Company, Mr. Pavloff applied to the Korean Government to protect his nationals; but Korea answered that as the Russians were occupying a non-treaty settlement, they must their own risks.

To this Mr. Pavloff retorted, hinting at the employment of Russian soldiers, in default of the Korean protection promised by the concession to the Lumber Company.

## Lively Times in Serbia.

London, 24th September.

The complete victory of the Radicals (who supported the murdered King) in the Serbian election leaves them face to face with the regicide clique.

This promises interesting developments; meanwhile the court-martial on Captain Novakovich, the leader of the counter conspiracy, has begun.

## China, the new Russian Demands, and Japan.

Peking, 25th September.

Prince Ching and the Ministers of the Grand Council and the Waiwu are agreed on conceding all the new demands made by Russia, except the two articles relating to the establishment of landing-places on the river Sungari, and the line of military stations between Blagoveshchensk and Tsitsihar.

Viceroy Chang Chih-tung and Yuan Shih-kai, seeing that there is nothing else to be done, have withdrawn their objections.

The Japanese Minister, Mr. Uchida, has strongly objected, his late protest being to the effect that, in case China secretly decides to concede any points which have not received Japan's previous assent, Japan will take her own course of action.

Prince Ching is in an awkward position between Russia's demands and Japan's objections. His visit to Mr. Conger, the U. S. Minister, last Tuesday had for its object to beg Mr. Conger's friendly interference to soften the Japanese objections, which the American Minister declined to do, considering the task a hopeless one.

All the Chinese Government can do is to await the progress and development of the negotiations that are going on at St. Petersburg between Japan and Russia.

## British Military Manoeuvres.

London, 15th September.

The British autumn military manoeuvres commenced yesterday. They extend over an area of eighty miles square in the southern counties.

The first army corps, under the command of Field Marshal Sir Evelyn Wood, K.C.B., is attacking the second army corps which is under the command of General Sir John French.

Four Japanese officers are attending the manoeuvres. Colonel Oka, Colonel Utsunomiya, Captain Kato, and Captain Furumi.

## Bulgaria appeals to the Powers.

London, 15th September.

Bulgaria has addressed a note to the great Powers appealing to them to prevent massacres and demanding that Turkey shall be forced to cease mobilizing her forces. Unless the Powers intervene immediately Bulgaria declares that she will take action herself in the matter.

## Resignation of Mr. Chamberlain.

Osaka, 18th September.

It is understood that the resignations of Mr. Chamberlain and Mr. Ritchie are due to the proposed fiscal changes in the country's policy not meeting with sufficient support.

Lord George Hamilton is said to have resigned owing to an alteration with Mr. Brodrick, the Secretary for War, arising through the latter's plan to charge India with some portion of the expenses incurred in connection with the maintenance of troops in South Africa. These changes are regarded in Tokio as of grave importance to Japan in her present uncertain condition.

## Britain's Fiscal Policy.

London, 15th September.

Mr. Balfour has published a pamphlet definitely favouring a protectionist policy. This pamphlet becomes the basis of a forthcoming address at Sheffield on the first of October.

Mr. Palfour and Mr. Chamberlain entirely agree upon the necessity for a change in the fiscal policy of Britain.

The Duke of Devonshire remains silent.

## The Turkish Suzerainty over Bulgaria.

London, 16th September.

Twenty thousand Bulgarian frontier reserves have been mobilized, and there is a general insurrection. Salonika Vilayet has been divided into eight districts commanded by Bulgarian officers, and General Tsonicheff has been appointed to supreme command.

Russia has likewise issued an order for the mobilization of eighty thousand troops at Odessa and Tiraspol.

Prince Ferdinand of Bulgaria returns to Sofia to-day.

## Georgia Cotton.

London, 16th September.

Bad weather has damaged the Georgia cotton crop.

## America and the Manchurian Evacuation.

Peking, 15th September.

Mr. Conger, American Minister to Peking, states that he has not received any advice from Washington with regard to the recent Russian demand in connection with Manchuria. The protest, should one be made, will be sent direct by the American Government to Russia.

## Russia's Demands in Manchuria.

Peking, 15th September.

It is reported that one million pounds of foodstuffs have been stored in Port Arthur and two excellent guns have been also landed at the port.

Besides those conditions already known, which Russia has put forward in regard to Manchuria transmitted in a previous despatch, it is stated in well-informed circles that there are two more important, still unpublished, proposals by M. Lessar in connection with the evacuation.

## Across London in an Airship.

London, 18th September.

Mr. Spencer, the well-known aeronaut, successfully navigated an airship across London last night.

## The Manchuria Question.

Seoul, 18th September.

The rioting of mounted bandits at Takosang is believed to have been instigated by Russians, with the intention of creating a fresh excuse for not evacuating Manchuria. The Russians are preparing to reconstruct telegraphic communication between Antung and Mirokudo, Korea.

## "ARE YOU A MASON?"

There are few theatregoers in Hongkong who have not laughed over this most laughable farce, and who would be unwilling to gain sit through the merry acts. Early in the year the Brumhags gave us several opportunities to enjoy the rollicking fun, and now the Pollards are entertaining the public to another taste from the same genre of dramatic fol de rol. They are serving it in the best style, and last night's production of the piece augurs well for a big house to-night. The story is well known—nights out that have to be accounted for, terrible vigils worrying the lives of uninitiated masons desirous of posing as being on the square, and an inevitable bungle savouring of the general muddle associated with *Charley's Aunt*. Mr. Noble took the part of *Amos Bloodgood* and Mr. Watson appeared as *Frank Perry*, while Mr. R. W. Ellison portrayed the frank old farmer *Hallon*, Mr. H. Carr represented *Travers* and Mr. A. Tullett took the rôle of *Fisher*, the stockbroker. Of the ladies, who do not have burdensome parts to perform, one of the best was Miss Blanche Clements as *Lottie*, the servant, while Miss Tempest made another very favourable impression with the solo *The Dumbie Bee*. The play will be staged again this evening, and to-morrow and Thursday the Company intend playing *Why Smith Left Home*. A special bill is being arranged for Friday when the company give a farewell performance.

A NOTICE to mariners issued by the Acting Coast Inspector, Shanghai, draws attention to the following changes:—The Kiutoan Light vessel has been shifted to a position 1 mile N. 65° 30' W. of her former station; and the Fairy Wreck Unlighted Buoy has been replaced by a Gas-lit Bell Buoy, with a conical superstructure, painted green, bearing the word "Wreck" in white letters, and showing an occulting white light every 6 seconds, thus—Light 4 seconds, Eclipse 2 seconds. All bearings given are magnetic.

## HONGKONG CRICKET CLUB.

ANNUAL MEETING.

Speaking at the annual meeting of the Hongkong Cricket Club last evening, Mr. E. W. Mitchell, President, said that the team for Shanghai would leave on the 7th prox., and taking them all round they were a good level lot and should give a good account of themselves up North, but whether they won or whether they lost he was sure they would prove themselves worthy representatives of the H.K.C.C. He also referred to the finances of the club which started the year with a credit balance of \$1,379 and closed with a cash balance of \$7,428 with \$768 yet to be collected. He subsequently proposed the adoption of the report and accounts.

Mr. Cooper seconded and the motion was carried.

OFFICERS:  
Mr. E. W. Mitchell was re-elected President, and the following officers were appointed to fill the vacancies on the Committee:—Messrs. R. Hancock, F. Matland, P. W. Golding, Lt. Rimington, S.F., Lt. Sollett, R.N., Messrs. H. Arthur, J. T. Dixon and A. Mackenzie.

The Chairman announced that the ground would be opened to members on 5th October, and to play the usual match, 1st XI. v. All-comers, on the following Saturday. A match would be played on Saturday next, between the team for Shanghai and the best eleven that could be raised against them.

THE PAVILION SCHEME.  
In referring to this scheme, which has already been given at length in our columns, the Chairman mentioned that it was not a committee scheme altogether, but had been put forward just to see what the members thought about it. To repair the existing building would cost \$5,000.

Mr. W. B. Dixon thought that in the plans of the proposed new pavilion the lavatories, etc., seemed to take up too large a space, and the score arrangements were capable of improvement.

Mr. P. W. Golding was very much opposed to the scheme, and thought the Club could not afford to spend \$30,000 on a pavilion or anything else. He suggested that the present pavilion be put in repair or another pavilion built, at an expenditure not to exceed \$6,000 or \$7,000.

Mr. E. H. Hinds also doubted whether the Club would be able to pay the interest on the proposed issue of debentures.

Mr. R. K. Leigh, while agreeing that Mr. Ram had given them a very pretty design of a pavilion, was of opinion that a suitable building could be provided for \$20,000. The dressing rooms should be on the ground floor, and there should be a separate staircase leading to the roof, which should be flat for the convenience of spectators viewing the matches, and which should be provided with a verandah and protected from the weather.

His Honour A. G. Wise suggested that the matter should be referred to the committee in order to see if the money could be raised at all on the debentures. He very much doubted whether they would ever get \$25,000 or \$30,000.

The Chairman said he thought Mr. Justice Wise's suggestion a good one, and that the matter should be referred to the committee.

His Honour A. G. Wise—What is the security you offer?

The Chairman—None whatever.

Mr. Golding then moved that the matter be referred to the committee for them to consider ways and means and the three alternatives—(a) that we shall carry out the plan as submitted in the paper sent to members, that a new pavilion shall be erected in the N.W. corner of the grounds; and that the present pavilion shall be repaired; (b) and that the committee shall invite tenders for which of these three schemes they, after mature deliberation, consider will be most satisfactory and beneficial to the interests of the Club.

The motion was agreed to and the committee was empowered to invite such members of the Club as they thought fit to join the Committee and advise them in the matter.

## GERMAN MAIL STEAMER IN COLLISION.

WITH THE OLD "SKRAMSTAD."

Advices from the North state that at about 9.10 p.m. on the 21st instant, the Japanese steamer *Chikima Maru*, bound from Moji to Shanghai with a cargo of coal consigned to Messrs. W. Allen & Co., came into collision, near the Kiutoan Beacon, with the new N.D. S. *Seydlitz*, which left here for Japan on the 17th instant. The *Chikima Maru* was badly stove in on the starboard bow and had to be beached about two miles N.W. of the Kiutoan Beacon, and it is expected that when she is lightened of her cargo she will be able to be brought into the dock at Shanghai. The *N. C. D. News* of 24th instant states that the Shanghai Tug and Lighter Company have already commenced the work of salvaging the cargo, and the vessel will be patched up and taken to Shanghai for repairs. This is the second time that the *Chikima* has come to grief. The first time was when she was under the Norwegian flag as the *Skramstad* and was sunk in a collision in Hongkong Harbour, where she got mixed up with the *Tai-chong* and *Perla*. The first report of the occurrence was brought by the Indo-China Co.'s steamer *Pechili*. The court of inquiry will be held in Japan. The Captain of the *Chikima* has reported the accident to his Consul, and the Captain of the *Seydlitz* has done the same to his Consul. The German mail steamer suffered little damage and after standing by the other vessel for some time to render assistance if necessary proceeded on her voyage.

It is reported that the price of silver at New-chwang has gone up exceedingly, and that there is not at present much difference in value between the Japanese and Russian paper money and Mexican silver.

## SIX-A-SIDE FOOTBALL MATCHES.

Yesterday afternoon the first matches for the Six-a-side Challenge Cup and medals were played at the Happy Valley, the teams meeting being Worcester's v. Brent's and Bonnar's v. Clark's. In the first match the game resulted in a draw, while Bonnar's team beat Clark's by 2 goals to nil. The teams were as follows:—W. G. Worcester (Capt.), A. Lloyd, Dr. Kew, H. C. Sandford, C. C. Hickings, and A. O. Braun.

H. A. Brent (Capt.), H. S. Gaskell, J. M. Forrester, W. R. Rowley, P. H. Campbell, J. H. R. Hance.

J. C. Bonnar (Capt.), H. S. Holmes, C. Humphreys, F. D. Bain, A. R. Rogers, and W. A. Stopani.

W. W. Clark (Capt.), J. Johnstone, L. Chesney, W. T. Caulfield, W. A. Craik, C. J. Barnes.

## ATTEMPTED HIGHWAY ROBBERY.

At about 10 o'clock this morning, Sergeant Abley was patrolling the Praya at West Point, and when nearing Heung Lane he heard a man screaming. He approached the lane and saw three men attacking a coolie. One of them had hold of the coolie's throat, and was pressing his knee into the man's back, another had hold of his feet, while a third was doing his utmost to ransack the coolie's pocket and cut his purse away. The Sergeant quietly approached without attracting their attention, and when they caught sight of him they broke away in different directions. The Sergeant chased the leader through alleys and lanes, jumping over ditches and baskets, and finally caught him at Bonham Road, West. He took him to the police station and Mr. Kemp sentenced the rogue to six months' hard labour, and subsequent banishment. Lance-Sergeant Abley is to be congratulated on his smart capture after a lengthy chase.

## ACCIDENT TO S.S. "PERLA."

A somewhat serious accident occurred in the harbour yesterday morning on board the S.S. *Perla*, 1,980 tons register, Captain McGinty. This vessel, which belongs to the China and Manila Steamship Co. and is well known to Hongkong residents, was the former *Memuir* of the Eastern and Australian S.S. Co. While lifting a steam launch, which was to be shipped on deck for Hilo, with the aid of the ship's gear, she sprang her foremast and her departure, which had been announced for this morning, was consequently delayed. The *Perla* is now in dock undergoing repairs. As every necessary precaution was taken to ensure the success of the operation, it is supposed that there must have existed some flaws in the stays which were the first to give under the strain. The mast broke off at the foot and flush with the deck, but fortunately the launch, which was to be shipped, sustained no damage as it had only been lifted a few feet from the water when the accident occurred. There were no serious casualties although one Chinese stevedore was slightly contused by the broken strand of one of the stays.
